Subject: Microsoft Settlement

Dear Ms. Hesse:

I would like to go on record as saying that the Microsoft settlement should be accepted right away. I feel that delaying it, only makes everything more costly to the public. Court costs increase. The cost to Microsoft increases. It becomes a lose, lose situation rather than a win, win situation.

Thank you for the opportunity to respond.

Sincerely yours,

Sanford Moser 21700 Greenfield Rd. Suite 271 Oak Park, MI 48237 248-968-4700
